GEMINI SL Total Knee System with SPAR-K Instruments
The GEMINI SPAR-K Instruments meet the need of today’s knee surgeons

- are clear and easy to use
- are intuitive and efficient instruments.
- assure precise and reliable bone resections

 Efficient  Precise  Reliable
The colour coded actuators, the quick set/release functions and the single layer trays, allow for:

• A potential reduction of the learning curve
• Reduced effort throughout the surgical process for both surgeon and scrub-tech personal

The GEMINI SPAR-K Instruments allow a variety of surgical options such as:

• Femur first
• Tibia first
• Gap balancing

Please feel free to visit our SPAR-K Instruments Website
Significant reduction of metal ions release

Ceramic-like surface

Outstanding hardness

High wettability for liquid’s

Protect the sliding surface from wear and scratches from the instrumentation

1. Internal technical report: Study of the influence of TiNbN-coating on the ion release of CrCrMo-alloys in SBF buffer simulator testing
