Focus

Hands-on Wetlab Workshop

LINK Embrace Shoulder System

- Gain **comprehensive hands-on experience**, mastering the instrumentation and surgical workflow in a **wetlab** setting.
- Reinforce theoretical knowledge with **practical application and case discussions**. Refine surgical techniques through practical training.
- Learn **tips, tricks and potential pitfalls** from experienced faculty to improve surgical efficiency and patient outcomes.
- **Collaborate with experienced instructors and peers**, sharing insights and best practices to deepen your expertise.

Target Group

Surgeons seeking to advance their knowledge of the LINK Embrace Shoulder System by experiencing in-depth exploration of the instruments, implants and surgical techniques guided by experts. Surgical experience with the implant system is not mandatory.
